R.K. ENTERPRISES

Leveraging science and technology in the manufacturing of orthopaedic implants and Instruments, R.K. Enterprises has been a promoter of wellness and global health since its inception.

The company established in 1985, located in Vadodara, Gujarat was ignited with the vision of young entrepreneur Mr. Rajesh Parmar who wanted to contribute to global healthcare with his knowledge and skills and produce premium range of quality products at an affordable cost. With over 30 years of experience, R.K. Enterprises is now one of the most preferred and trusted brands by healthcare experts and vendors across the world.

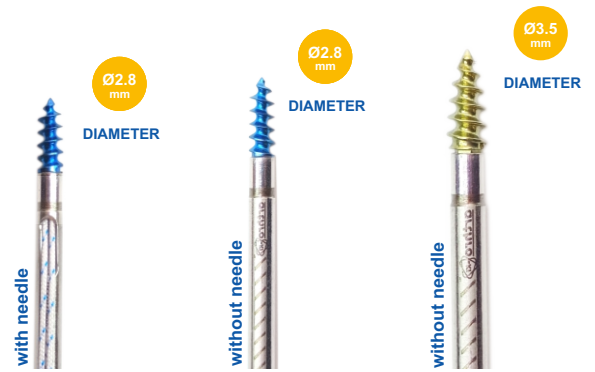

To produce diligent quality of products we use best in market SS316L, SS316LVM and Titanium material. Our production and validation procedures ensure robust, safe to use products which are reliable for many years. Till date we have produced and provided countless products worldwide enabling freedom of movement to numerous lives.

“ I have dedicated my life to producing affordable and quality ortho products in India. I will continue to thrive for the rest of my life excelling this art and to keep marking a global benchmark with our products. “

Director - Mr.Rajesh Parmar
